Art Unit: 2664

1. The restriction in previous office action is hereby withdrawn.
2. Claim 1 is objected to because of the following informalities: Regarding claim 1; "a first communication network" recited in line 11 should be changed to --the first communication network--; "a first transport protocol suite" recited in line 12 should be changed to --the first transport protocol suite--; "a first signaling protocol" recited in line 14 should be changed to --the first signaling protocol--; "a second communication network" recited in line 16 should be changed to --the second communication network--; "a second transport protocol suite" recited in lines 17-18 should be changed to --the second transport protocol suite--; "a second signaling protocol" recited in line 19 should be changed to --the second signaling protocol--; "a second transport protocol suite" recited in line 29 should be changed to --the second transport protocol suite--. Appropriate correction is required.
3. Claim 1 recites the limitation "the first signaling message" in lines 24,28; "the multi-protocol translation process" in lines 27-28; In claim 31, lines 8, 9,11,13, "the first message", same error appears in claims 46,47,50and 51. There is insufficient antecedent basis for this limitation in the claim.
4. Claims 1-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recitation of "the first signaling message" in lines 24,28 and "a second signaling message" in lines 26-27, 30-31 is the same as "a first message" in line 11 and "a second message" in lines 16-17 respectively.

5. Claims 1-30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

6. Claims 31-61 are allowed.
